REFEREES

References available on request

Frontend-focused software developer with 4+ years of professional experience, currently building production mobile applications with React Native and TypeScript. Passionate about delivering high-quality features in fast-paced, collaborative environments and growing into broader technical responsibility.

IT SKILLS

- **Mobile**: React Native, Expo, TypeScript
- **Frontend**: JavaScript, HTML, CSS (SASS), React, Angular
- **Backend**: C#, .NET, Node.js
- **Databases**: PostgreSQL, SQLite, Drizzle ORM
- **APIs**: REST
- **Version control & CI/CD:** Git, GitHub, GitLab, GitHub Actions
- **AI coding tools**: Claude Code, Claude AI, GitHub Copilot

WORK EXPERIENCES

Software Developer | RELEX Solutions Oy, Helsinki, Finland | Mar 2022 – Present: Mobile Replenishment team, F&R Engineering (Frontend focus from Mar 2024)

- Developing features for a new production mobile application built with React Native and Expo, one of the company's top strategic priorities
- Integrating REST APIs and collaborating closely with Designers and Product architect to take features from refinement through to release
- Participated in a rotating on-call role, resolving critical customer issues in collaboration with cross-functional teams
- Contributed to the development, testing, and deployment of the RELEX Store Web Platform, delivering a large-scale UI transformation aligned with an in-house design system and supported backend development with .NET microservices.
- Led the migration of production customer data from AWS to Azure as part of a critical database migration project

Social Media Specialist | Somejam Tampere | Jun – Oct 2016: Content creation, photography, and video for the event's website and social channels.

UI Designer | MATOC2C, Demola Tampere | Feb – May 2016: Prototyped an online learning platform connecting learners and instructors.

Teacher | Faculty of IT, Hanoi College of Education, Vietnam | Aug 2004 – Aug 2015: Taught database design, SQL, graphic design, and web development (HTML, CSS, PHP, MySQL).

Software Developer | TanDan Limited, Hanoi, Vietnam | Jun 2003 – Jul 2004: Analysed and built a store management system for clients in Vietnam and Germany.
